

800 Series

Fuel Filter/Water Separators

Product Information:

To assist our customers, Racor is changing the 800 Series to marine-rated fuel filter/water separators that include a see-through water collection bowl for non-marine applications. Current 800 Series part numbers will now supersede to MA versions as shown in chart below:

Current Model Number (now obsolete)	New Model Number	UL Approved
806	806MA	Pending
812	812MA	Yes
75806	75806MA	Pending
75812	75812MA	Yes
79806	79806MA	Pending
79812	79812MA	Yes

Optional
customer installed
see-through bowl included

Product Features:

- Flow rates up to 2160 GPH (8176 LPH)
- Water sight glass included as standard equipment
- Meets American Bureau of Shipping requirements
- Customer installed see-through bowl included for non-marine applications
- See installation instructions #14381 for specifications
- Lowers maintenance costs
- Protects high-tolerance injection components and helps diesel engines run at peak performance
- Large inlet and outlet ports allow for high flow rates and low fuel flow restriction

ENGINEERING YOUR SUCCESS.
